For Immediate Release

Kentwood, MI, February 28,2008 – Twynette Long and Children were selected to be the recipients of CORT/Instant Furniture Rental’s Compassion Action Program for the month of February. They were nominated for Compassion Action by Ron Sabourin of Woodland Creek Apartments. As the recipients of this program, Twynette Long and Children will receive complimentary furnishings for their home from CORT/Instant Furniture Rental.

CORT/Instant Furniture rental gives back to the communities it does business in through the Compassion Action Program. Nominations are voted on monthly and one winner is selected to receive furniture each month. Since 1993, the furniture chain has been giving away furniture for free to people in need. The furniture the recipient receives is either new or pre-leased depending upon what the warehouse has in stock at the time.

CORT/Instant Furniture Rental offers full service furniture leasing. They specialize in affordable furnishings for the home, apartment, or the office on a rental or sales basis. Much of the company’s focus is serving the interim housing industry. CORT/Instant Furniture Rental has local offices in most major cities in the Midwest.
